

2020 Holiday Foot Wish List

This holiday season show your feet some love. Due to COVID-19 you and your loved ones have probably been on your feet quite a bit. You might have taken up running or have become an avid walker.

To keep you going, the doctors of West Hartford Podiatry, with some suggestions from their fellow podiatrists in New York, Virginia, North Carolina and Canada, have compiled this 2020 Holiday Foot Wish List. Happy giving!
